**Elliott Brothers Farm Pledge:** As your farmers, we agree to provide fresh, beyond organically-grown produce throughout your agreed upon season. We believe in regular and open communication with our members and are committed to sending regular information via email and being available for all of our members' questions and inquiries. Here at Elliott Brothers Farm, we grow most of the produce that we sell but to offer our customers a little more variety, we are forming agreements with other farms here in Kentucky. We will always be transparent about which items we are obtaining from these farms, specifically, as we move forward.

**CSA Participant Pledge:** Our members agree to pay the share price in full by the stated date. Participants also agree to share in the successes and accept the possible losses of certain crops during the CSA growing season due to unforeseen weather conditions.

As the season progresses and we have a full menu of items available, there will be weeks that we will offer to make an equal exchange for other items that we have available at our farm market at the time of pick-up.
